VOL. LXXVIII, NUMBER 7

Mrs. Julia Chonis, (left, seated), Fox Lake Hills, and Mrs. Joyce McCleod, (right, seated), Lake Villa, listen attentively while Mrs. June Eckert, (standing, center), Lake Villa, discusses a point concerning the Constitution of the Patients' Aid Society which is now being created by the Co-operative Women's Organizations. The Society is being formed by the Women's Co-operative at the direction of the Countryside Hospital Board of Directors.

Last Issue of Jaycees Guide Goes to Press

This week the Antioch News will print the last issue of the Jaycees' booklet for this summer. And if this gives you the feeling that summer is nearly over, you're right.

The Jaycees' booklet is a combination directory of places to go and things to do, along with valuable information on the Lake region and a calendar of upcoming events.

Last year, it was a much smaller pamphlet, a rather sketchy outline of scheduled events and an incomplete directory of resorts, etc. in the region.

Branching out this year, the Jaycees compiled several interesting features on the history of the area, fishing tips, spots of interest, and various other matters that would be of interest to the visitor in our midst—or, in fact, to the regular resident.

Practically every resort, eating place, facility, or what-have-you, is represented in the pages of the ads. It's almost as complete as the yellow pages in the phone book.

Churches throughout the area are listed, with location and times of service. There are pictures of the lake region, and in every issue a calendar of events of interest for anyone looking for entertainment of any kind.

The booklet was printed every two weeks throughout the summer season, with each time a new calendar of events.

Sixty-five hundred of the booklets were printed each time, and put on counters of restaurants, resorts and other business places. They were free, a helpful guide to every visitor and utilized by many local people as well.

The number of people who come into the News office asking where they can get a copy of the booklet indicates the popularity of the guidebook.

If you are interested in statistics, about 7,660 pounds of paper went into printing the booklets throughout the season. We couldn't even hazard a guess at the number of hours of work that went into compiling, then printing each issue.

The Jaycees spent countless hours contacting prospects for ads, making them up, assembling data for the calendars, writing feature articles. All this was done on a volunteer basis, as a public service.

With all the work of setting up type, printing, etc. done, the booklets still have to be gathered (putting the pages together in order), stapled, and trimmed to correct size. The booklets completed, Jaycees members again went into action, picking up the 6500 booklets that were printed every two weeks.

loaded them into cars (the booklets were packed in cardboard cartons) and distributing them to the various places where they'd be available to the general public.

In addition, the Jaycees maintain an information booth, where visitors can get answers to their many questions.

Plan Patients' Aid Society for Hospital

Will Run for Lieut. Gov.

John H. Altorfer, Peoria businessman, has announced his candidacy for the office of Lieutenant Governor of the State of Illinois.

Altorfer served as the Downstate Chairman for the United Republican Fund in 1960 and 1961. He is a Director of URF. He is a Director of the Peoria Park Board.

Altorfer announced that, if nominated, and elected, he intended to make the office of Lieutenant Governor a full-time job. His aims, he said, were to bring business and industry into Illinois and to establish Illinois as a tourist attraction.

To Break Ground for Hospital

The Board of Directors of Countryside Hospital, the Building Committee and the Board's legal counsel, following a business meeting Tuesday night, August 13, at the Lake Villa Grade School, announced a tentative date of October 1 for the ground-breaking for the new Countryside Hospital, allowing time for the clearance of necessary papers from the State of Illinois Department of Public Health, in Springfield.

John Yandas, principal of the Emmons School, has announced that there is still an opening at the school for a teacher in the lower grades. Anyone who is interested, and is qualified and certified, is asked to call the school immediately, as school opens in about three weeks. The phone number is 395-1105.

Need Teacher At Emmons

A pilot program for blind-multiple handicapped children has been developed. Special materials for this program have in the past been contributed by the Johanna Lodge, which specializes in the preparation of educational materials for the partially-sighted and the blind. Grove School offers a unique educational opportunity for children with organic difficulties who do not qualify for regular or special education in the public schools. It has developed a team-teaching approach using teachers and volunteers with a wide range of talents in order to discover and to develop each child's true potential.

Lions Club Meeting

District I-F of the Lions Club has scheduled a picnic for this Sunday at Camp Lions on Hastings Lake. District I-F takes in North-eastern Illinois. Members will have a chance at this picnic to see the new swimming pool which has been installed for blind children.

Fund - Raising Unit Forms Nucleus of New Organization

A GROUP OF WOMEN who have worked for 3 1/2 years as an unofficial group to raise money for Countryside Hospital are at present in the process of organizing into a Patients' Aid Society for the hospital.

The group is headed by Mrs. June Eckert, Lake Villa, unofficial chairman; Mrs. Joyce McCleod, Lake Villa, unofficial co-chairman and Correspondence Secretary, and Mrs. Julia Chonis, unofficial Director of Public Relations.

When the group first started to work together to raise money for the hospital, they were able to obtain members from Fox Lake, Fox Lake Hills, Chesney Shores, Ingleside, Crooked Lake, West Milwaukee, Long Lake, Deep Lake, Venetian Village, Lake Villa, Lindenhurst, Round Lake, and Stanton Point. Their unofficial label was the Co-operative Women's Group. Women's Clubs, V.F.W. auxiliaries, American Legion Auxiliaries, Royal Neighbors, Grandmother's Clubs, Garden Clubs and the Catholic Benevolent Assoc. of Round Lake, were some of the clubs that took part in the money-raising campaign.

Antioch Sales Tax

Municipal Retailers' Occupation and Service tax collected in the village of Antioch for the month of March, 1963, amounted to \$5,354.71, according to a release from the Illinois Dept. of Revenue.

Grove School Maps Program

Grove School, a program for perceptually handicapped children, has commenced registration for pupils for the six programs which will be operated in its new quarters in the educational wing of the Trinity United Church of Christ, 760 North Avenue (at Wincenton) in Deerfield.

Classes will be held for handicapped children with all types of learning disorders from ages 3 1/2 years to 18. A special feature of this year's program will be the new Grove Prep School program, offering a high school program for grades seven through the tenth year. Enrollment in this group is open to young people aged 13 to 18 and will be limited to six.

Grove School also offers a nursery class for small children ages three to six with specialized training to assist them in preparing for academic work in either regular or special education.

To date, fourteen children have been "promoted" by Grove school into either regular or special classes in the public schools. One boy graduated from eighth grade in June, after having met the full requirements for a regular grade school diploma.

In the past, Grove School has had to limit enrollment to 25. Expanded facilities in the new church building will allow enrollment to go to 36 this year. During the five years of operation, Grove School has received more than half its tuition monies directly from the boards of the children's home school districts.

Tour Illinois Waterways

Ted Larson and Ed Jacobs of Antioch were among a group of attorneys and business men from Antioch who were guests of the Chicago Title and Trust Co. on August 14 for a tour of the Lake Calumet Harbor area and the Cal-Sag Channel.

The purpose of the tour was to acquaint business and professional leaders from Waukegan, Antioch, Grayslake and North Chicago with current developments on the Great Lakes and the Illinois Waterway which, with the opening of the St. Lawrence Seaway, is stimulating the economy of the entire mid-west area.

Following a visit through the offices of the Chicago Title and Trust Company, the group boarded a chartered boat for a cruise around Lake Calumet Harbor, which has been converted into a deep-water port to which ocean ships from foreign lands sail direct from the Great Lakes by way of the Calumet River.

They also were given a guided tour through the Chicago Regional Port District where James Pisco, chief engineer of the district, explained how the completed harbor projects will accommodate world-wide shipping. Following the cruise, which was narrated by Earl Woolsey, civilian engineer with the Chicago District, U. S. Army Corps of Engineers, the representatives from Lake County were guests of Chicago Title and Trust Company for dinner at the Chicago Yacht Club.

Rescue Squad Answers Calls

The Antioch Rescue Squad answered a variety of calls in the last week.

On August 7, at 9 p.m., Nels Torberson, Rt. 3, Box 229, was taken to Victory Memorial Hospital by the squad after a possible cerebral hemorrhage.

On August 9, at 7:45 p.m. the squad was called to the Tollway to answer an accident call. Kenneth B. Moore, 20, Western Springs, Ill., and Donald P. Lubin, 19, La-Grange, Ill., were taken to Zion Hospital.

On August 12, at 10:05 p.m. Lester Velela, Brookfield, Ill., was taken to Conell Hospital with a possible coronary attack. He had been visiting at Loon Lake.

On August 11, John Gladish, 18, of Arlington Hts., was taken from Sherwood Park to the Antioch Clinic for treatment after he suffered head injuries in a fight.

On August 11 Anita Estereson, 20, of Channel Lake was aided by the Squad at Slide Inn at Channel Lake after she was injured when thrown into shallow water by friends.

On August 12, at 5:30 a.m., Arthur Fiegel, St. Louis, Mo., was taken to Victory Memorial Hospital after a coronary attack.

HOME FROM HOSPITAL
Mabel Brogan, Antioch, is back home after surgery for the removal of her gall bladder at Victory Memorial Hospital.

Legion Auxiliary Honors Past Presidents and Girl Stater

Past presidents of the American Legion Auxiliary were honored at a potluck supper, meeting and party on August 9.

Fifteen past presidents were present. Each received a black and silver pen and pencil set, with the Auxiliary emblem on it. Past presidents who were unable to attend will receive their gift by mail.

The Auxiliary's Girl Stater Miss Shirley Reichenbach, and her mother were also

H. S. Students Warned To Register Now

All students planning to attend Antioch Community High School for the first time who have not registered, should come to the high school office and do so as soon as possible. The office is open Monday through Friday from 8 to 12 and 1 to 4 o'clock.

J. W. Kemmerer, Guidance Coordinator of Antioch Community High School, will administer Placement Tests on Thursday, Aug. 22, to all transfer students (grades 9 through 12) and to all eighth graders in the high school district who did not take the tests as eighth graders. Students are to report to the Auditorium in the high school at 9 a.m. Testing will last approximately 2 1/2 hours. Students who do not take the Placement Tests before the opening of school will meet with considerable delay in getting class schedules as they will not be admitted to classes until the testing is complete.

Toll Charge To Go Up

The Illinois Tollway is going to increase its fares, according to an announcement made Tuesday by Charles M. Burgess, chairman of the Ill. State Toll Highway Commission.

Wilbur Smith & Assoc., consulting traffic engineers have recommended an increase of 5c in passenger car rates and an increase for commercial vehicles based on the number of axles, on the "barrier" portion of the tollway east of the Fox River.

Passenger car rates on the "ticket" section of the Northwest Tollway would increase from 2 cents to 2 1/2 cents per mile, with corresponding increases for commercial vehicles.

The bond requirement schedule, Burgess said, is two years behind schedule. The rate increase would improve the Tollway's ability to meet its reserve fund requirements. When the last of the revenue bonds is retired, the tollway will become a free-way.

The traffic engineers' recommendations were to be considered at a meeting of the commission on August 14. If approved, the rates would become effective Oct. 1, 1963.

present at the meeting. Miss Reichenbach told the group of her week at Girls' State at MacMurray College in Jacksonville, Ill.

The 500 girls who attended Girls' State and their counselors, in a bus caravan escorted by police, were driven to sites of historical interest.

Girls' State is a form of mythical government, with two political parties, designed to give the girls a demonstration of local and national government. Each girl campaigns for an office. If elected Governor, she receives a trip to Washington, along with girls from other states.

Secretary of State Charles Carpenter and the Auxiliary's Department president, Mrs. Thomas McManus, spoke to the girls on Saturday night.

GOP's Plan Golf Outing

Robert J. Milton, Republican Chairman, today announced that Ray Page, State Superintendent of Public Instruction, will be the speaker when Republicans gather next Wednesday, August 21, at Chevy Chase for the Annual Lake County Golf Outing.

Milton said that invitations have been issued to all announced candidates for the Primary next Spring but that there will be no talks but that of Page's.

Entertainment and music will be provided throughout the dinner hour and a surprise presentation has been planned for the evening. Golfers may tee off starting at 10 a.m. and Golf Events are being chairmanned by Waukegan Alderman Eugene McGaughey. Dinner will be served at 7:30 p.m. Pat Clavey is in charge of prizes for the affair.

Joins Percy Campaign Sales Tax Collected

Thomas J. Houser, 34, corporation attorney for the Chicago, Burlington and Quincy Railroad, has been appointed a campaign coordinator for Charles H. Percy, GOP candidate for the 1964 gubernatorial nomination. Houser will be responsible for the Chicago suburban area.

Percy's campaign manager is Carl Hansen, a corporation vice president and Elk Grove Township Committeeman. A second campaign coordinator for the northern Illinois counties, Bob Milton of Lake Forest, was announced last week.

EDITORIAL

To Sign Or Not To Sign

Most of the comment we've heard on the bomb treaty with Russia seems to be against it. Everyone points out that you can't trust Russia. Fear that Russia will surpass us in the arms race and annihilate us, or take over the country, is expressed by most of the people opposed to Senate ratification of the treaty.

What happens if the U. S. Senate refuses to ratify the treaty?

We immediately become the "bad guys" in the eyes of the world. Noble Krushchev has tried to put a stop to the dangers of atom-bomb testing, and the aggressive U. S. has refused.

Most of the peoples in the rest of the world, reportedly, are even more fearful of the atom-bomb tests, and their possible results, than citizens of the U. S. Refusal to sign the treaty stopping testing would be the worst possible propaganda for our country—and the best for Soviet Russia.

If we sign the treaty, and Russia violates it, Krushchev becomes the "bad guy" and we're the "good guys". Which is exactly what we want.

It seems unlikely that our President, our secretary of State, and England's representatives are so glibly that they would endorse this treaty without carefully weighing the possibility that Krushchev would violate it. It seems, in short, most unlikely that they have not thought of the objections the general public is now voicing. And it seems most unlikely that they would not take steps to see to it that Krushchev either keeps his bargain, or we resume testing.

Aside from the very bad propaganda effect if the treaty is not ratified, there is a little matter of a saving of several million dollars yearly to the taxpayers of the U. S. if the atom-bomb tests stop.

Obviously, someone is going to have to trust someone some day, or, at least, pretend to trust them while keeping a watchful eye on them -- if man is not to be eventually destroyed by the Frankenstein monster he has created.

Courthouse Notebook

BY LOU DURKIN

A few eyebrows climbed way up to there with the recent announcement that Lake County Central Committee Chairman Robert J. Milton has been appointed campaign coordinator in the northern Illinois counties for GOP gubernatorial aspirant Charles Percy.

At the same time it was announced that Milton would leave his post as deputy treasurer under State Treasurer William Scott.

Some precinct committee men and Republican party spear carriers feel that Milton should resign his central committee, post, also, since his association with Percy will make it difficult for him to view the approaching primary contest with objectivity and detachment.

Of course, it is inconceivable that Milton would use his position as chairman to further the interests of a particular candidate in the primary.

There is also the question of whether Milton is operating independently in his alliance with Percy or if he is acting as a vanguard for the potent political forces which backed him in his bid for his present term as chairman.

Milton's action could split the GOP central committee wide open since Secretary of State Charles Carpenter is not without some backers among the committee and Hayes Robertson will also command some support among the regular precinct workers.

It may be wise for Milton to refrain from calling the full committee into session as long as possible. He may find himself cornered in a sand trap at the GOP outing at Chevy Chase C. C. Aug. 21.

Parliamentary procedure is not only useful in keeping meetings orderly, but it can also be useful in shutting off discussion of a touchy subject as Waukegan Assistant Supervisor Taisto Aho proved last week in putting the gag on his fellow county board member John Balen.

subject, finally got hold of the records of the Lake County Building Commission and came across a memorandum concerning a meeting at the Knollwood Country Club three years ago.

A commitment was purportedly made at the meeting, that an auxiliary county building would be erected in Libertyville concurrently with the construction of the first phase of the new courthouse complex in Waukegan.

According to Balen the memorandum listed several board members and F. Ward Just, as those in attendance at the meeting.

While Building Commission Attorney Andy Semmelman stalled in replying to Balen's query about the "Commitment", Aho found the key to ending the discussion in the county board rules and silenced Balen.

It is barely possible that the present study of the feasibility of the auxiliary building will come up with some facts to support a conclusion which has already been reached.

State Rep. W. J. Murphy, of Antioch, is already acquiring the "cares of state" appearance of a top state political figure and he has been chairman of the budgetary commission, slightly more than a week.

It is ironic that Rep. Murphy's rise to a position of major importance in the state government may make him less effective as a representative for Lake County.

As House Majority Leader and as chairman of the budget commission, Rep. Murphy will have to adopt the long view of what is good for Illinois rather than what is good for Lake County and the Republican Party.

My Neighbors

"Henry—don't you dare!"

At my request, the recent session of the Illinois General Assembly approved a comprehensive program for the construction and extension of badly needed conservation facilities for Illinois.

Our state has fallen far behind in the development of its outdoor resources, due to years of inattention and neglect. For instance, we rank 48th out of the 50 states in the amount of land per capita set aside for recreational use.

One of the bills I recently signed into law will allow the state, under a special program, to purchase about 11,000 acres of land for new parks and for additions to present parks. This land acquisition will be in addition to the regular two-year \$5.3 million improvement program slated by our Department of Conservation.

Another far-reaching conservation bill allows the state to sell up to \$9 million worth of bonds for improvements in our present state park system.

The bond act will allow the construction of several million dollars worth of campsites to serve the growing number of campers. There are already specific plans for 4,000 of the camp units to be located in 34 state parks and conservation areas.

Your Governor Reports

by OTTO KERNER

In addition, the state plans to construct a large boat marina at Illinois Beach State Park and Pere Marquette State Park. Cabins and family units will be constructed at several of the most popular parks. All the improvements—campsites, marinas and cabins—will be paid for out of fees charged their users.

A third program involves the most intensive building program in history for the benefit of Illinois boaters. We will spend about eight times as much as in the past for the construction and improvement of access areas, launching sites, harbor facilities, and other marinas.

The boating facilities program was made possible by a bill which provides that most of the present nickel-a-gallon gasoline tax paid by boaters shall be used for improvement of their facilities. Previously boaters had paid the tax without receiving any benefit.

All of the improvements I have listed, of course, will be paid out of users' fees or present state sources of revenue. The program is one reason why the state was able to enter the current two-year fiscal period without any tax increase.

Illinois Tax Facts
Tax collections of the state governments in fiscal 1962 averaged \$112.86 per capita nationwide, but varied from less than \$70 per capita in two states to over \$200 per capita in Hawaii. Illinois ranked below the average, with \$95.57 per capita.

It should be fair to point out that such comparisons of state revenues do not present the whole picture of overall tax burdens borne by the residents of the various states. Some of the variations among the states arise from differences in the division of the responsibility between state and local governments for performing and financing governmental functions.

58% of all the tax revenues obtained by the states in 1962 was derived from sales and gross receipts taxes. Today general sales taxes are levied by 37 states, and in 1962 they yielded \$5,068,000,000, a 12.4% increase over the 1961 total. On a per capita basis, state revenues from general sales taxes rose by

\$3.07—from \$24.75 in 1961 to \$27.82 in 1962. Of the 37 states that levied a general tax in 1962, 29 relied on it for more than 14 of their total tax revenues. Seven, (Arizona, Hawaii, Illinois, Indiana, Michigan, Washington and West Virginia) obtained 40% or more of their tax revenues from this source.

Tax rate increases and rising fuel consumption raised motor fuel taxes to a new record of \$3,687,000,000 in 1962, an increase of 97% over the total a decade ago. State gasoline tax rates ranged from 5c per gallon in some states to 8c in Alaska. (rate in Illinois is 5c per gallon).

Receipts from a state income tax (individual and corporate) amounted to \$4,035,812,000 in 1962. New York collected the largest amount (\$1,288,000,000). Other states, with high income tax collections in 1962 include California (\$590,000,000), Massachusetts (\$271,000,000), Wisconsin (\$198,000,000), Minnesota (\$158,000,000). Illinois does not have an income tax, either personal or corporate.

Q. A Benton resident asks: "Both my wife and myself have been desirous of obtaining a position at the new hospital for retarded children at Centralia, upon its completion. Please inform us as to the proper procedures we should follow in order to acquire these much wanted positions."

A. For information regarding the proposed staffing of the new mental health institution in Centralia you should contact the Illinois Department of Mental Health, 405 State Office Building, Springfield.

Q. A Carbondale resident writes: "I am assuming that the department of Personnel operates somewhat on the order of the Federal Civil Service Commission and thus I would be interested to know if there is a qualifying examination required for potential employees, such as that of the Federal Government."

A. No fee is required.

Q. A Wood River resident writes: "Please, let me know when and where I could take a mail carrier's examination close to my home."

A. The Department of Personnel does not administer examinations for positions with the United States Postal

Service. For such information, it is suggested that you contact the United States Civil Service Commission, Region 7, New Post Office Building, Chicago, or the postal authorities in your local United States Post Office.

Q. A Decatur resident asks: "I am writing to inquire about the qualifications for entering the State Police. I have heard you have to take a civil service test for this. If so, could you please tell me when you have to take it and where?"

A. Information concerning employment with the Illinois State Police may be obtained by contacting the State Police Merit Board, 503 Centennial Building, Springfield.

Q. A Lincoln resident writes: "Recently I heard about the social worker trainee program and would like to know if having just two years of college would handicap me for this type of work."

A. The minimum requirement for the Social Worker Trainee position is possession of a bachelor's degree. However, there are other examinations which may be of interest to you. Information may be obtained by writing the Department of Personnel, 121-A State House, Springfield, Illinois.

Questions regarding positions under the State Merit System should be addressed to the Department of Personnel, 121-A State House, Springfield, Illinois.

Legislators To Meet In Hawaii

State Representative John H. Conolly (Republican of Geneva) will leave Friday to attend the sixteenth annual National Legislative Conference in Hawaii.

Rep. Conolly, by virtue of his recent appointment to the Illinois Legislative Council, will be one of the eight member delegations to represent Illinois at this meeting. Among those attending from Illinois will be Rep. John W. Lewis, Jr. (Rep. of Marshall), Speaker of the House, Sen. George E. Drach (Rep. of Springfield), Chairman of the Legislative Council, and Rep. Warren L. Wood (Rep. of Plainfield), Vice-Chairman of the Legislative Council.

This conference provides, for the state legislators who participate, a forum where the legislative process can be reviewed and analyzed, and improvements discussed.

This year's conference will be held in cooperation with the United States Department of State and the Agency for International Development. Legislators from Far Eastern and Pacific Area countries have been invited to participate actively in this meeting. The conference has become a potent force for preserving the coordinate status of the legislative branch of government.

Featured speakers during the meeting will include Gov. John Anderson, Jr., of Kansas and Dean Rusk, Sec. of State of the United States. Rep. Conolly is the only Freshman Illinois legislator to attend this national meeting.

Some people collect buttons, some collect stamps or rocks. Lately, without really making an effort, I seem to have been collecting stories of restaurant incidents. Most of these deal with the utter confusion you can create in some waitresses—sometimes in the whole restaurant—by ordering something slightly different than that which is on the menu, or is ordinarily ordered by people.

First, have you ever tried to get a hamburger WITH-OUT mustard at one of these emporiums that specialize in 15c hamburgers? If you ever have, you'll quickly develop a taste for mustard, unless you have considerable patience—and a thick skin.

Order a hamburger with everything EXCEPT mustard. A look of patient suffering crosses the face of the busy waiter. Then you stand and wait. And wait. And wait. Around you, people are being handed hamburgers by the dozen—people who get hamburgers with everything. To make up a hamburger without mustard evidently requires a complete shaking-up of the whole system—maybe clear back to the slaughterhouse.

If you persist in returning to the same place with the same request very often, you'll find yourself treated like Typhoid Mary. Serving people will get trampled in the rush to keep away from you, and pass the buck to someone else.

I recently accompanied a ten-year-old girl to lunch. She decided on a bacon sandwich on white bread—unloasted—with no butter. The waitress gave her a glassy stare and said, "We don't have that." The mother told the waitress she was sure they could make one up. The waitress shook her head, scanned the menu, and reiterated, "We don't have

THE ANTIOCH NEWS 2 THURSDAY, AUGUST 15, 1963

that." The mother said, "O. K. We want a bacon and tomato sandwich, without tomato or mayonnaise, on plain white bread without butter. A double order of bacon." The waitress brightened up, ordered it, and delivered the sandwich.

Then there was the girl who ordered a California hamburger while vacationing at the Wisconsin Dells. (Just in case you don't know, that's a hamburger with tomatoes, etc. on it.) The waitress eyed her with cold disapproval and informed her, "This is Wisconsin." Logical, isn't it? How could you expect to get a California hamburger in Wisconsin?

Try, in some places, to get a glass of water without ice. Or a coke, minus same. A request like that can throw the whole place into a panic.

Every stop sign is a danger sign, cautions the Chicago Motor Club. But the danger can be eliminated—simply by stopping and yielding the right-of-way to approaching traffic, as required by law.

The Starfires, appearing this Friday at the Twin Lakes Ballroom in Twin Lakes, Wis.

Starfires At Twin Lakes Friday

The Starfires who are appearing at the Twin Lakes Ballroom in Twin Lakes, Wis., this Friday, Aug. 16, have just completed cutting a new record on the Sonic label titled "Re-Entry," backed up by "Handful of Blood." This record already is getting much attention in New York City and it looks like the record will hit nationally.

The Starfires were currently the "rage" on one of Jim Lounsbury's Danceville TV program . . . The Starfires are now playing this area for the next two weeks and from here they are to appear on Dick Clark's TV program.

The group consists of five young men who have been playing together for over four years and it looks like it is finally going to be "big" for the group with their hit record hitting the bigger cities. This will be the first appearance for The Starfires since the record has been released, so this is a first for the Lakes region fans.

Watch for oncoming cars making left turns in front of you, says the Chicago Motor Club. Keep an eye on the approaching car's left wheel if his turn signals aren't flashing. Be prepared to stop or turn the moment you see his left wheel move out of its normal path.

What Type Driving Is Toughest—High Speed Or "Hacking Around"?

Hard-Driving Harry, the busy salesman who covers three states, may not punish his car nearly so much as his ninety-pound wife does hers.

Harry hurries along the turnpikes at the legal limit, but his car thrives on such driving. It was designed for long runs with few starts and stops of the engine.

Today, however, more than 80 percent of all motor trips are under ten miles. Harry's wife drives such short trips every day—to school and to market, and this is the type of driving that is toughest on an automobile engine and oil.

For one thing, the engine rarely gets up to the proper operating temperature intended by the manufacturer and this inhibits proper circulation of engine lubricating oil.

Also, when you start a cold engine, the choke feeds the engine a rich mixture—lots of gas and little air. Though required for starting, the rich mixture often results in a residue of unburned gasoline that trickles into the lubricating oil to dilute and contaminate it. In addition, water condensed from air which the en-

gine "breathes," or which condenses from air in the gasoline tank, can add to the contamination. Other engine irritants may exist in the oil including carbon particles.

How to combat these damaging conditions? Although it is difficult and sometimes impossible to change day-to-day driving patterns, it helps if you can get the car out for a long run occasionally.

When a car is driven at high speeds for about ten miles or more, many contaminants are expelled, with the exhaust and the engine oil warms to lubricate properly and to exercise a cleaning effect.

Since short haul driving remains a necessity, however, the best way to combat the wear it causes your engine is by adherence to a proper schedule of oil changes. Removing and replacing the crankcase oil is a simple, fast and effective way to remove contaminants. The fresh oil also contains additives your engine needs, which may have been depleted in the old oil.

What is a proper oil change schedule? Every 30 days in winter and 60 days in summer, according to the American Petroleum Institute. Your car's engine will run better, stay cleaner, and last longer. Their recommendation is a good rule, both for brand new cars and those not so new.

There are two main types of pleasure craft hulls. The planing type hull, after attaining a certain speed, levels out and skims atop the water. The displacement type hull travels by pushing water out of its way.

How U.S. Savings Bonds help you save the things worth saving

With the world the way it is these days, money is just one of the things worth saving.

Another is freedom itself, threatened in many ways, in many lands. Another is peace—costly to preserve but far costlier to lose.

One easily made investment in U.S. Savings Bonds helps you save all these worthwhile things, all at once. Uncle Sam uses the Bond dollars to help pay the costs of keeping America strong right now. When you cash your Bonds in later on, you'll discover you've saved not only money, but have helped save freedom as well.

Why not make the investment that saves you so much more than money? Buy U.S. Savings Bonds soon.

"Save for a new home with Savings Bonds," says Leonard L. Frank of Long Island, N. Y., President, National Association of Homebuilders

"You can enjoy the home you save for only if America remains strong. You can have the kind of life you plan only if we remain free. Savings Bonds represent a way to save while helping to assure a tomorrow in which

all Americans can enjoy the results of saving. The home builders of America are proud to endorse and support Savings Bonds."

V.F.W. Auxiliary Plans Rummage

The Sequoia Auxiliary of the V.F.W. discussed plans for the year's activities at their regular meeting, held Monday, August 12.

Members voted to have a rummage sale on August 23 and 24 at 917 David St. Any one having rummage items to donate, call 395-1296 and it will be picked up. Agnes Glenn was appointed as chairman of the sale.

Several auxiliary members will attend the District meeting in West Chicago on August 18.

Refreshments were served by a committee of Jane Verkost, Kathryn Avery and Lois Peterson.

Joanne Paddock On Deans List

Joanne Paddock, Antioch, has been named to the dean's list of students who achieved first academic honors for the second semester at Wisconsin State College, Whitewater.

A total of 117 students earned grade points of 3.50 or higher, making them eligible for first honors, and eight of that number received all A's for a four-point average. (Under the new WSC grading system, A is equal to four grade points, B to 3 points, C to two points and D, one point.)

The dean's list, just released from the office of Dr. Cord O. Wells, dean of instruction, includes 31 freshmen among the first honor students, compared to 12 at the end of the first semester. An additional 100 freshmen and 242 upperclassmen earned second honors with grade points of 3.00 to 3.50.

Miss Paddock, who graduated from Whitewater in May, is the daughter of Mr. and Mrs. Charles G. Paddock, Rt. 1, Box 98.

Roast Beef Dinner

The Antioch-Rainbow Girls are sponsoring a roast beef dinner, family style, on Saturday, August 24, from 5-7:30 p.m.

The dinner will be in Wesley Hall in the Methodist Church. Susan Lindblad, Worthy Associate Advisor, and Susan Bloom, Charity, are co-chairmen of the affair. This is their money-making project for the year. It is a requirement of the office they hold that they manage a project making a certain amount of money before they advance to a higher rank.

MOOSE TOPICS

The Third District Illinois Moose Association meeting will be held at the Woodstock Moose Home on Friday, Aug. 16, at 8 p.m. There will be nominations for Third District vice-president.

The Executive Board of Winner Legion No. 74 will hold a breakfast meeting at the Highland Park Moose Home on Sunday, Aug. 18, at 9:30 a.m. All Legionnaires and their ladies are welcome to attend the breakfast.

Two big events, in the month of August are: The big Annual 49ers party at the Antioch Moose Home on Saturday, Aug. 17, at 8 p.m., and the Annual Moose picnic on Sunday, Aug. 25, at the Ronnie Polson Farm on Rte. 83, 2 1/2 miles south of Antioch.

Cook-Out & Water Ski Show Sunday

A cook-out and water ski show, sponsored by the Twin Lakes Ski Club, will be held at Bea's Bayview Inn at Twin Lakes on Sunday, August 18.

The cook-out will run from 2-4 p.m., followed by the water-ski show. Clowns on skis and flying kite acts will be some of the features of the show.

Cotton dipped in peroxide is one excellent way to remove scorch marks from white shirts or blouses. Sponge on the peroxide immediately after scorching and the stain will come off easily.

TIME FOR A TRIP! Balm breezes and blue skies set feet tapping to tour the countryside. Why not bundle the family into a luxury bus for a week-end excursion? Your local Trailways Travel Bureau has a varied menu of spring tours to offer—the mountains, the seashore, southern spring gardens, historic cities and towns and resort areas. Bus package tours are economical, too, and include room accommodations and "extras" as well as roundtrip transportation. Pint-sized passengers are always welcome on Trailways and the comfort of modern buses that are lavatory-equipped and air conditioned makes family travel fun and carefree.

Save the foil insulated bags that the cream comes in. They're wonderful to put rolls in for warming in the oven.

MAYBE YOU'RE A VACATION SCROOGE. Maybe you just don't like evenings under the stars and long afternoons in the sun. If that's the case, the man to see is your doctor. Your banker can't help. Bankers, says the American Bankers Association, are for people who like vacations.

If you're short of funds, your banker can arrange a low-cost vacation loan, making it possible for you to vacation while the sun is bright and the water warm and pay later when you'd rather be home by the fire. Your banker can also transform your vacation funds into low-cost travelers' checks that help guard against vacation tragedies. He can introduce you to other bankers on your route. And he can handle your financial affairs at home while you're having fun. If you like vacations, see your banker.

Here's a simple method for cleaning your coffee pot. Put a spoon of cream of tartar in the pot in plain water and let it perk through the cycle. Rinse well.

24 hour-a-day protection for your vacation TRIP

Before you go, get low-cost Travel Accident Insurance which will provide an accidental death benefit plus protection against the medical expense of accidental injuries during your entire trip—for as little as 3 days or as long as 6 months. We can also provide insurance for your baggage and other personal effects. Call us for details.

Fashion Tips... by Celine Par

IF YOU ARE TALL...
Achieve an attractive fashionable look by wearing longer jackets, wide belts, bold color contrast. Medium size prints are good...and don't be afraid of high heels!

IF YOU ARE SHORT...
Vertical lines, high hats and heels, slim short skirts, narrow belts and single-color costumes are best for you.

IF YOU ARE THIN...
You're probably a natural born clothes horse. You can make the most of soft drapery fabrics, bright satins or spongy tweeds, full pleated skirts, ruffles and bulky knits.

IF YOU ARE PLUMP...
Concentrate on tailored lines and dark colors. Flared skirts flatter your figure...ruffles, thick tweeds and sleeveless frocks don't.

V.F.W. Auxiliary Plans Rummage

The Sequoit Auxiliary of the V.F.W. discussed plans for the year's activities at their regular meeting, held Monday, August 12.

Members voted to have a rummage sale on August 23 and 24 at 917 David St. Any one having rummage items to donate, call 395-1296 and it will be picked up. Agnes Glenn was appointed as chairman of the sale.

Several auxiliary members will attend the District meeting in West Chicago on August 18.

Refreshments were served by a committee of Jane Verkest, Kathryn Avery and Lois Peterson.

Joanne Paddock On Deans List

Joanne Paddock, Antioch, has been named to the dean's list of students who achieved first academic honors for the second semester at Wisconsin State College, Whitewater.

A total of 117 students earned grade points of 3.50 or higher, making them eligible for first honors, and eight of that number received all A's for a four-point average. (Under the new WSC grading system, A is equal to four grade points, B to three points, C to two points and D, one point.)

The dean's list, just released from the office of Dr. Cord O. Wells, dean of instruction, includes 31 freshmen among the first honor students, compared to 12 at the end of the first semester. An additional 100 freshmen and 242 upperclassmen earned second honors with grade points of 3.00 to 3.50.

Miss Paddock, who graduated from Whitewater in May, is the daughter of Mr. and Mrs. Charles G. Paddock, Rt. 1, Box 98.

Roast Beef Dinner

The Antioch-Rainbow Girls are sponsoring a roast beef dinner, family style, on Saturday, August 24, from 5-7:30 p.m.

The dinner will be in Wesley Hall in the Methodist Church. Susan Lindblad, Worthy Associate Adviser, and Susan Bloom, Charity, are co-chairmen of the affair. This is their money-making project for the year. It is a requirement of the office they hold that they manage a project making a certain amount of money before they advance to a higher rank.

MOOSE TOPICS

The Third District Illinois Moose Association meeting will be held at the Woodstock Moose Home on Friday, Aug. 16, at 8 p.m. There will be nominations for Third District vice-president.

The Executive Board of Winner Legion No. 74 will hold a breakfast meeting at the Highland Park Moose Home on Sunday, Aug. 18, at 9:30 a.m. All Legionnaires and their ladies are welcome to attend the breakfast.

Two big events, in the month of August are: The big Annual 49ers party at the Antioch Moose Home on Saturday, Aug. 17, at 8 p.m., and the Annual Moose picnic on Sunday, Aug. 25, at the Ronnie Polson Farm on Rte. 83, 2 1/2 miles south of Antioch.

Cook-Out & Water Ski Show Sunday

A cook-out and water ski show, sponsored by the Twin Lakes Ski Club, will be held at Bea's Bayview Inn at Twin Lakes on Sunday, August 18.

The cook-out will run from 2-4 p.m., followed by the water-ski show. Clowns on skis and flying kite acts will be some of the features of the show.

Local Girl at Art School

URBANA, Ill. — Mary Grego, Route 5, Antioch, attended the third of three week-long Art Schools—July 21-27, July 28, Aug. 3, and Aug. 4-10—at Allerton House, University of Illinois conference center. Pupils are prospective high school juniors or seniors.

Under a unique cooperative arrangement between the Illinois State Federation of Women's Clubs and the U. of I. Division of University Extension, instructional program and facilities of the Art Schools are provided by the University; room-and-board scholarships for students by IFC member organizations from whose communities they come; and general supervision and chaperonage by the State Federation.

Graduates From Northern Illinois

James B. Berke of Antioch is listed as one of the graduates of Northern Illinois University at the Summer Session graduation.

James received a B.S. degree from the University.

Lakeside Rebekah Lodge No. 82

Lakeside Rebekah Lodge No. 82, I. O. O. F., met Aug. 7 at the American Legion Hall on Ida Ave.

Several appointed officers were honored and presented with a gift by Noble Grand Louise Hagen. They are: Mrs. Zella Larson, warden; Mrs. Eva Fields, contractor; Miss Evelyn Johnson, past N.G.; Mrs. Agnes Ferris, chaplain; Mrs. Clara Horton, R. S. N. G.; Mrs. Undine Perkins, inside guardian; Clarence Perkins, outside guardian; Mrs. Deborah Van Patten, musician.

It was decided to have one more Salad Bar Luncheon and card party at 12:30 p.m. at the Legion Hall. Next meeting of the lodge will be at 8 p.m. on Aug. 21.

Refreshments after the meeting were served by Zella Larson and Mary Ellis.

Order of Rainbow For Girls Meet

Antioch Assembly, Order of Rainbow for Girls, met Monday evening to complete plans for their Camp Out which will be held at Timber Park on Aug. 16-17-18. Mr. and Mrs. James Bruski will be in charge of setting up and Mrs. W. B. Gillum and her committee will be in charge of refreshments. All girls are urged to come out either for all three days or whenever it is convenient for them to attend.

At the recent reception for Harriet Wells, a past worthy Advisor of Antioch Assembly and now the Grand Worthy Associate Advisor of the State of Illinois, a 50 Star Flag was presented to the Assembly by the Past Worthy Advisors who have served under Mrs. Donald Gibbs' Mother Advisor's term. The Antioch Rainbow Girls also the same evening dedicated a new altar for Wesley Hall in memory of Reverend Wallace Anderson, who served on the Advisory Board.

Sue Lindblad and Sue Bloom gave out tickets for their money making project which will be a dinner held at Wesley hall, on August 24. Serving time will be from 5 to 7:30 p.m. Girls were asked to help at all times during Saturday and to bring their pie to the church.

Chicken Dinner

The Benedictine Sisters at the Holy Family Convent at Benet Lake, Wis., are planning a chicken bar-b-q dinner for Sunday, August 25.

Serving will be from 11 a.m. to 7 p.m. The public is invited, and children under six are served free.

Proceeds of the dinner will go to pay for the new well

and septic system at the convent.

The Convent is located 3 miles north of Antioch and 1 mile east of Hwy 83.

Bright Ideas

Cotton dipped in peroxide is one excellent way to remove scorch marks from white shirts or blouses. Sponge on the peroxide immediately after scorching and the stain will come off easily.

TIME FOR A TRIP! Balm breezes and blue skies set feet tapping to leave the countryside. Why not bundle the family into a luxury bus for a week-end excursion? Your local Trailways Travel Bureau has a varied menu of spring tours to offer—the mountains, the seashore, southern spring gardens, historic cities and towns and resort areas. Bus packages are economical, too, and include room accommodations and "extras" as well as roundtrip transportation. Pint-sized passengers are always welcome on Trailways and the comfort of modern buses that are lavatory-equipped and air conditioned makes family travel fun and carefree.

MAYBE YOU'RE A VACATION SCROOGE. Maybe you just don't like evenings under the stars and long afternoons in the sun. If that's the case, the man to see is your doctor. Your banker can't help. Bankers, says the American Bankers Association, are for people who like vacations. If you're short of funds, your banker can arrange a low-cost vacation loan making it possible for you to vacation while the sun is bright and the water warm and pay later when you'd rather be home by the fire. Your banker can also transform your vacation funds into low-cost travelers' checks that help guard against vacation tragedies. He can introduce you to other bankers on your route. And he can handle your financial affairs at home while you're having fun. If you like vacations, see your banker.

Here's a simple method for cleaning your coffee pot. Put a spoon of cream of tartar in the pot in plain water and let it perk through the cycle. Rinse well.

Fashion Tips... by Celeste Parr

IF YOU ARE TALL...

Achieve an attractive fashionable look by wearing longer jackets, wide belts, bold color contrast. Medium size prints are good...and don't be afraid of high heels!

IF YOU ARE SHORT...

Vertical lines, high hats and heels, slim skirt skirts, narrow belts and single-color costumes are best for you.

IF YOU ARE THIN...

You're probably a natural born clothes horse. You can make the most of soft drapery fabrics, bright satins or spongy tweeds, full pleated skirts, ruffles and bulky knits.

IF YOU ARE PLUMP...

Concentrate on tailored lines and dark colors. Flared skirts flatter your figure...ruffles, thick tweeds and sleeveless frocks don't.

DEATH NOTICES

FRANK ROMPESKY

Mr. Frank Rompesky, 82, who formerly lived on Main Street near the business district of Antioch, passed away on Friday, August 9, at 4:30 p.m. in Hampstead House near Lake Villa after a long illness.

He was born May 21, 1881, in Germany and came to America in 1883. Mr. Rompesky had lived with his parents, George and Minnie Rompesky, in the village of Antioch from 1911 to 1948, then he resided at the Lake County Home at Libertyville since that time.

Mr. Rompesky had worked at an ice house near Antioch, worked part time for a local lumber yard, then just before going to Libertyville had been employed by the Illinois State Highway Department.

His father, George Rompesky, passed away on April 13, 1941 and his mother, Minnie Gerst Rompesky, passed away on Sept. 2, 1944. His only living relative is a half-brother, Herman Rompesky of Waukegan.

Funeral services were held Monday at 8:30 a.m. from Strang Funeral Home in Antioch to St. Peter's Church in

Friends were able to call at the funeral home after 7 p.m. Sunday.

ALLEN ROY NICKELL

Mr. Allen Roy Nickell, 80 years old of 1034 S. Main St., Antioch, passed away on Friday, August 9, at 6:30 p.m. in the Lake County General Hospital after a 6 week illness. He was born Nov. 18, 1876, at Valparaiso, Ind., and moved to Chicago as a child to live there until moving to Antioch in 1960. He had been on the Chicago Board of Trade for many years, then was employed by Quaker Oats Co. for several years, and was working as a Law Clerk for the law firm of Thompson-Raymond in Chicago at the time of his retirement. He had belonged to several Masonic Orders.

He was preceded in death by his wife Lynn (nee Wilson) Nickell in May, 1943. His survivors are one daughter, Mrs. John Keck of 1034 Main St. in Antioch, with whom he had made his home. There are also three grand-

WTHS Starts New Trade Courses

Business Data Processing will be offered through the Trade and Industrial Department this September on a three year evening school program. Waukegan Township High School has installed the necessary machines this summer to give actual machine experience to students enrolled in this program.

Chemical, Electronic, and General Engineering classes will also begin in September and in order to qualify for any of these courses an applicant must be a high school graduate and have satisfactorily completed one course of Algebra and one of physical science. The candidate must take an admission test which is given at the high school. The next admission test will be conducted at 9 a.m. Saturday, Sept. 7, in room 330 at WTHS, East Campus.

Mr. Albrecht Remde, Chairman of Trade and Industrial Education at Waukegan Township High School says, "It is important that students take these tests and be enrolled as soon as possible. Students will be enrolled according to the results of the test and the date of their application." Those persons wishing more information on these programs should contact Mr. Remde, at WTHS, Delta 6-4601.

All technical programs are college level courses run on a two or three year basis, two or three nights per week for three hours per night.

Leaders in industry in the Waukegan area are most interested in these training programs and serve as members of the Advisory Board with the technical faculty of WTHS.

Mr. and Mrs. Leaf Larson and family of Antioch were visitors Wednesday at the home of Mr. and Mrs. Frank Slazes, Sr.

Mr. and Mrs. Carl Nader and daughter of Antioch were visitors Sunday at the home of Mr. and Mrs. William Petersen.

August Tanner of Chicago visited friends in Lake Villa Sunday.

Birthday Observance

Mrs. Joe Newingham and children enjoyed a picnic dinner Sunday at the home of Mr. and Mrs. Fred Bartlett, Jr. in observance of Mrs. Newingham's birthday. In the afternoon, birthday cake and ice cream were enjoyed. Mrs. Fred Bartlett, Sr., was present in the afternoon.

Newcomers

Mr. and Mrs. James Fish and son have moved into their new home on Oak Knoll Drive, Lake Villa. They formerly resided in Antioch. Their many friends welcome them to our community.

Sympathy

The community was saddened by the death of John Effinger. We all extend our deepest sympathy to his wife, Ada, his sons, William and Jack and their families.

The average husband never worries about WHO is boss in his family, but WHERE she is.

Although skilled workers make up only 12.4 per cent of the employed population, they accounted for 27.6 per cent of outboard motor sales last year, the Outboard Boating Club of America says. Clerical and sales people accounted for 18.6 per cent; professional people for 15.3 per cent; managers and proprietors for 13 per cent; and semi-skilled workers for 12 per cent.

RELAX

Motorists who drive relaxed are often the safest drivers as long as they don't overdo it. According to the Institute for Safer Living, tensions at the wheel may lead to a sudden wrong move and resulting accident. On the other hand, relaxed drivers should never allow themselves to become overconfident or unmindful of other traffic.

Puzzles Is Team To Beat

By Bill Ferris

The Richard Seyfarth Memorial tournament is coming right down to the wire at Golfview Park and as of now the team to beat is Puzzles out of North Chicago.

The trophy no longer is Ki's Tap, as Emerson Buick, the dark horse in this 20 team race, has eliminated them.

Plenty of action was had once again at Felix & Jean's Golfview Park before a capacity gathering and with the assistance of Pete Matteoni, his son Danny, Rich Drewzewski, and Bill Ferris. Here are the statistics.

Eight games were played over the weekend and eight teams were eliminated. This now leaves 4. They are Puzzles of North Chicago, Bally Muck of Waukegan, Genuald's of Round Lake, and Emerson Buick of Fox Lake.

1ST GAME SATURDAY NIGHT

Genuald's of Round Lake defeated Trabassi's of Kenosha, Wis., 7 to 3 behind the 6 hit pitching of Dick Grau. Stu Koutney had a perfect night at the plate with 3 for 3, and Art Beck went 2 for 3 for the winners. Mike Molinaro was top hitter for the Trabassi Club, getting 2 for 3.

Totals: Genuald's 7 R 9 H
Trabassi's 3 R 5 H

2nd Game:

Small's Place of Waukegan beat another entry, Cliff's Club from Kenosha, 10 to 7.

Jim Van Heersels and Dave Livingston each had 3 for 4 at the plate and Jr. Torrez went 3 for 3 for the victors.

Totals: Small's Place 10 R 16 H
Cliff's Club 7 R 11 H

3rd GAME

Hettermann's of Johnsbury blasted out 9 hits and scored 10 runs in the first inning, to score an easy win over Koltyn Concrete of Racine, Wis., 16 to 7. Bill Oeffling had a perfect night, going 4 for 4 and Bud Meyers homered for the winners.

Marty Dylla hit a homer for the losing Concrete outfit.

The defeat for Koltyn now eliminates all 4 Wisconsin entries.

Totals: Hettermann's 16 R 18 H
Koltyn's Conc. 7 R 9 H

Jones & Dixon Are Winners at Speedway

Waukegan's Eddie Jones showed his rapidly developing skill as a "pro" at Waukegan Speedway Saturday night when he took the 25-lap feature race after starting at the back of the pack. Earlier, Jones took fast time and finished second in a hotly-contested heat race of 10 laps. Jones fought off Bob Dugan every inch of the last 22 laps and grabbed the checker with Jim Gossman.

A MAN WHO HELPS HIS WIFE INTO AND OUT OF THE CAR MOST LIKELY JUST ACQUIRED ONE OR THE OTHER OR BOTH.

Fishing Report—As is usual at this time of year, results are good, bad and excellent, depending on who is doing the fishing where and when. For example, they've been bringing in good catches of crappies at Beebe's Boat Basin (Spring Lake Channel-Grass Lake Road) while this species has not been showing in many creels of late. Blue cats are working good, plus largemouth (on night-crawlers) and perch. Bluegills are slow. At Barney Sheunesson's on Channel Lake, they are getting a good score on lunker bass. I counted nine beauties there, ranging from 4 to 4 1/2 pounds. A few northerns are also being took. A while back I mentioned the unusual "throw-on-back" contest that Barney was waging, and how some of 'em were being caught again. We counted up the score and found that 7% of the released fish like to live dangerously. They were the ones that were hooked and released a second time. There's gotta be a moral here somewhere.

At Charley Hailing's, on Grass Lake, they're bringing in some nice black bass. No northerns, but lots of stripers and crappies, who seem to be running together. The Fox River in front of Blarney Island and the connecting Lake Marie-Grass Lake channel are the hot spots and live minnows are the tempters. Early morning and late afternoon are the times. Bring bait—Charlie has the bait.

My old flame had an hourglass figure but the sand has shifted to the bottom.

Eddie Sorenson deserted his Bait & Bull Foundry to take the light of his life a-fishing Monday, on a nearby Wisconsin Lake (he ain't telling where). Poor Vic was left in the foundry screaming "there are no minnows in the joint!" while unconcerned and undaunted, Ed was piscatoring to beat the band, unmindful of the consequences. It didn't do him a bit of good. Good-looking Vera (she's a sweet kid, Sam) rubbed his nose in the algae as she gave him a good fishing lesson. They brought back 30 stud bluegills, and threw back a couple of dozen small ones. Guess who caught all those keepers?

One of our Indian Point boys, Clyde Queen, picked up a bundle of loot at the Rock Island races recently. Clyde, running a German Konig 15 cubic inch mill, burning a methanol-castor oil mixture, took two 3rds in an "A" runabout and one 3rd in an "A" hydro. His rig develops 30 horsepower and winds out to 70 miles an hour. This is a heck of a lot faster than us old timers were able to do with similar sized rigs, in the "good old days, when things were bad." Clyde's cutie wife "Charlie" and his good looking daughter, Nancy, are his pit crew. No wonder he does so well.

Then there was this chick who begged her boy friend: "Be an angel and let me drive." He did—and he is.

Break out the scrapers.

Hensley Motors Leads League

By Bill Ferris

Monday night it was Lyons & Ryan, 5 to 4, over Hensley Motors and Wednesday night it was Hensley 11 to 10 over Lyons & Ryan.

This makes it two wins for each team in the 4 game series played. In the runs scored Lyons & Ryan has 42 to Hensley's 28. Three games were decided by 1 run. Joe Flaschner is hitting .401 and Ralph Remus .436 to lead Hensley.

DUD SHEEHAN HITS NO. 5 FOR LYONS & RYAN

Lyons & Ryan hit their 25th home run with Dud Sheehan clouting No. 5 to lead the league in that department.

Dick Wolf is batting .420, Bob Martin .424, Russ Cote .442, and Grog Bush .404.

BOATS ARE DIFFERENT FROM CARS

By Hank Wileand Bowman

Some misinformed persons tell newcomers to boating that it's just as easy to drive a boat as it is an automobile. It is, but it's different.

The differences aren't so great that they can't be overcome very simply but in the interest of your own safety and that of your passengers, these differences should be clearly understood.

A boat has no brakes. The new helmman must quickly learn that his boat will come to a standstill in a varying length of time depending upon wind, waves, tide, current and boat load.

He must realize, too, that distance on water is often deceptive for the automobile-trained operator.

The ability to judge water distances will only be gained by experience.

One of the greatest variances between auto and boat operations is in steering response.

When you turn an automobile steering wheel to the right, the front wheels turn in that direction and the rear wheels follow closely the tracks of the front wheels.

Not so with the boat. When you turn a boat, the stern, rather than the bow, reacts first.

If you turn to the right, the stern swings to the left. Water packs up on the left side of the bow and the pressure from the rear plus the resistance of the water building up on the outside of the turn will cause the bow to deflect to the right.

Because of this stern steering you can't race along parallel to a bulkhead or dock and veer away safely. More than likely your stern will clobber the very thing you are trying to avoid unless you allow for this stern movement.

The same thing applies when you start away from a dock. You may find it safer to back out of to push away from a dock with an oar or handhook.

The design contours of the bottom of the boat also have an effect on the boat's turning characteristics.

Round bilge or round chine boats, those which have sides that are rounder at the water line with no sharp definition as to where sides stop and bottom begins, bank toward the inside of a turn.

Boats with hard chines, sides and bottom that meet at an abrupt angle, have a far lesser tendency to bank to the inside and usually turn flat.

Some designs tend to lean outward in a turn, others skid.

One boat may be safely turned in a tight arc. Another of similar topside appearance may require a larger turning circle.

The skilled boatman will feel out a strange boat carefully until he learns its handling characteristics.

Motors took a half-game lead over the Badgers of Golfview with an 8 to 6 win.

This evening's series in 4 games played, each winning 2. Golfview has scored 40 runs to Hensley's 18.

Jerry Fox is hitting .474, Ken Nicpon .470, and Ken Kube .426.

GOLFVIEW WINS IN ELEVENTH

The biggest upset was in the making but didn't materialize as Pine Oaks suffered their 12th straight setback, losing to the Badgers of Golfview 15 to 14 in 11 innings Tuesday night. The Lodgemans bashed out 22 hits in trying for their 1st win.

Rich Weir leads the club in hitting with .442. Daryl Sullivan is .407 and John Gaertner .304.

GIBBS & JENSSON IDLE ALL WEEK

Having the week off finds Rich Pahke still top hitter in the league with a .604 average. Sid Parker is .471 and Denny Swanson .400 for the Sportsmen.

Football Practice Scheduled Aug. 20

The first practice session for the Antioch High School varsity football squad will take place Wednesday, August 21st, promptly at 7:30 a.m. It was announced this week.

Equipment will be given out to the sophomores and varsity squads Tuesday, August 20, from 8 a.m. to 11 a.m. and from 1 p.m. to 3:30 p.m. All boys must have their physical examination completed and their cards turned in to the coaching staff before they can receive any equipment.

The physical exam cards may be picked up at the high school office and no boy will be allowed on the practice field until he has the physical and the card has been turned in.

Freshmen will pick up their equipment on Tuesday, September 3, from 1 to 4:30 p.m.

The doors to the locker room will be opened 30 minutes before each scheduled practice session. Personal equipment should include socks, supporter, shoes, T-shirts and shorts.

In 1982 there were 4,515, 458 boats in the country registered under the Federal Boating Act of 1958 and state registration laws, according to estimates by the U.S. Coast Guard, individual states and the boating industry. The 1981 total was 4,203,127, an increase of more than 300,000.

Stillman Back On Winner's List at Wilmot

Eddie Stillman of Milwaukee, took another feature race win here tonight and set another track record in his first victory in nearly a month. The record of 7:52.83, averaging 53.11 mph, was only a shade faster than the 52.91 mph Gordy Gorman of Libertyville set in June of this year.

Stillman took the lead from Gorman on the ninth lap and went on to an easy victory. Fran Seamars finally got by Bill Shoulders and took second with Shoulders in for third and Bill Strom of Milwaukee in for fourth.

Favorites of the crowd, Jim Sullivan of Antioch and Jack Radtke of Salem, each went out of the race with broken equipment from the hard pace set by the leaders. The finish will put Sullivan behind Shoulders in the point race which still has Stillman in the lead.

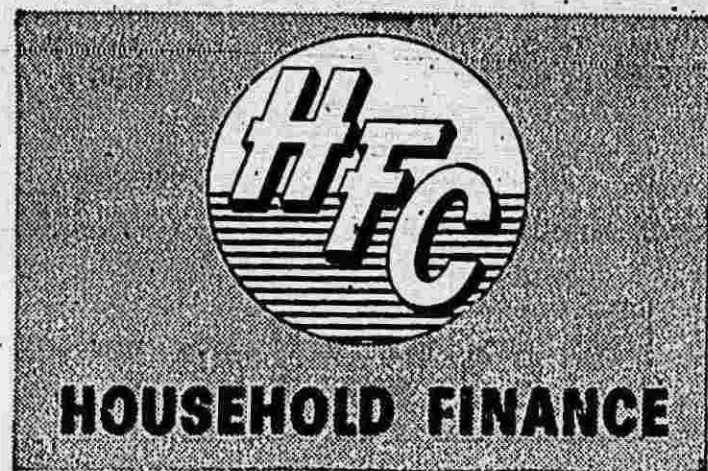

The semi-feature for 15 laps was an equally hard fought battle which started

off in trouble as Jim Lawrence of Bristol tangled and jumped the rail, then rolled over. He was removed to Burlington Memorial Hospital for observation and check-up and then released. Ted Schuster of Zion took the lead away from Swede Erickson of Gurnee at the midway point and went on to win averaging 49.75 on a very heavy track. Dan Bantlin of Milwaukee; Schuster; Kenny Heiden of Barrington; and Herman Seamars of Milwaukee were the heat race winners.

An unusually large number of spectator cars turned out Saturday night and Richard De Groot of Antioch brought out a shiny unmarred 1957 Pontiac only to have it wrecked in the first race. Bill Robis of Antioch was the winner with Dick Aissen of McHenry taking the other heat while Rodger Haggie won the feature.

L.V. Little League

By Bernice Barnau

On Tuesday, August 6th, the Cards defeated the Mets 7 to 4 to wind-up regular play in the Pony League. Final standings for the Pony League are as follows:

Team	Won	Lost	Pct.
Mets	11	3	.786
Cards	10	4	.714
Indians	4	10	.286
Tigers	3	11	.214

On Thursday, August 8, it was Lake Villa night at Thillens Stadium in Chicago. All proceeds from the tickets sold by the Lake Villa Indians remained with the Lake Villa Township Baseball Organization.

Average horsepower of outboard motors sold during 1962 was 30.3, according to the Outboard Boating Club of America. Motors in the 20 to 45-horsepower class accounted for 38 per cent of 1962 sales.

tion. Although there was a good local crowd to cheer the boys on, they went down to defeat by a 15 to 2 score.

In tournament play, the Pony Leaguers were defeated by the Racine, Wis., Rebels 3 to 0 at Libertyville and the Little Leaguers were defeated in their second tournament game at Thillens Stadium by a score of 5 to 0.

A 2 p.m. on Sunday, Aug. 12, at the V.F.W. hall, the Lake Villa Policemen are sponsoring a movie for the Little League and Pony League boys. The name of the movie is the "Little League Moose." All the boys are invited to attend.

As a climax to the Babe Ruth season, the coaches and fathers played the Babe Ruth players in what is hoped will become an annual game, August 11. The oldsters won by the slim margin of 13 to 12.

Little League Action

Little League action last week saw Chris Brown pitch the Yankees to a 7 to 5 victory over the Dodgers. Brown gave up only 6 hits, one of them a two bagger to John McDonald, the losing pitcher. McDonald's double was the only extra base hit of the game.

In other games the Giants beat the Tigers in a close one, 2 to 1. Winning pitcher was Dave Camp. The Giants followed up with a 10 to 1 triumph over the Cubs. Red Miller took credit for the win.

As a climax to the Babe Ruth season, the coaches and fathers played the Babe Ruth players in what is hoped will become an annual game, August 11. The oldsters won by the slim margin of 13 to 12.

MAGIC!

by Eddie Doucette

GLAZED BAKED SMOKED HAM (Fully Cooked)

Use whole or half Tabletite Smoked Ham. Criss-cross lines into fat with sharp knife. Stick whole clove into each diamond of fat. Place in a covered roasting pan with 2 cups of cider, 7-Up, gingerale, water or other liquid. Cover and bake in 350° F. oven, allowing 30 minutes per pound. When heated through, brush with mixture of brown sugar and prepared mustard, or plain sugar or honey. Return to 450° F. oven. Mixture will caramelize, enrobing Ham in appetizing coating. Serve hot, with lima beans in tomato, sprinkled with grated cheese and baked.
